Week of 2026-05-25 — Top Niches

Note: facet coverage is 4.7% (325/6915) — Phase 4 scoring is active only on a subset of niches. Extract more posts via `python main.py llm-extract` to widen faceted scoring.

1. Detailed Doorloop horror review: AI bot support, unwanted AI feature rollout, 8-12hr notification lag, bank-update bug stopping rent deposit — score 0.66 (complexity: low, revenue: high)

- Pain: TX PM with ~100 units on Buildium frustrated by lack of make-ready turnover tracking + no single OPS view (maintenance/leases/delinquencies/move-outs).
- Evidence: 163 posts across 14 subs, 28 in last 30d · facets: 41/163 at v0.1. Top quote: “I’m looking for an easy to use maintenance app for tenants. We don’t need payments or tracking. I just need a simple and preferably free or affordable app where they can request maintenance. What are”
[https://www.reddit.com/r/PropertyManagement/comments/1skbwn4/landlord_ok_best_maintenance_app/]
- Willingness-to-pay signals: would_pay: 29/41 · hesitant: 6/41 · max \$10000 (from facets)
- Build complexity rationale: integrations score 0.29 · market_size score 0.61 · keywords score 0.00 (effective_n=26.9)
- Saturation (integrations referenced across faceted posts): American Modern Insurance, Apartments.com, AppFolio, Autodesk ACC, Autodesk Forma, Buildium, Chase, Crexi +20 more
- Suggested wedge: Phase 5: not yet computed (verdict-driven wedge suggestion)
- ☐ build [] watch [] kill notes: ____
- fingerprint: fb8ed890110780fd

2. Camping-gear rental on Shopify fighting the platform: no native availability calendar, double-booking risk, security-deposit/insurance handl — score 0.49 (complexity: low, revenue: high)

- Pain: Wix merchant (700+ products, 500+ orders) tried migrating to Shopify and hit blockers: \$100+ cart2cart only links by product name, can’t edit imported orders, manual tier/points reassignment.
- Evidence: 174 posts across 29 subs, 69 in last 30d · facets: 51/174 at v0.1. Top quote: “This question is more for my friend since they don’t really use Reddit and were complaining to me about this issue. Basically: they’re running Google ads and actually works well for them but they’re”
[https://www.reddit.com/r/Contractor/comments/1tjlyek/how_are_you_managing_all_incoming_leads/]
- Willingness-to-pay signals: would_pay: 20/51 · hesitant: 10/51 · max \$4000 (from facets)
- Build complexity rationale: integrations score 0.35 · market_size score 0.48 · keywords score 0.00 (effective_n=35.1)
- Saturation (integrations referenced across faceted posts): AlphaSense, Angi, App Store, Base44, Bolt, cart2cart, ChatGPT, Checkatrade +44 more

- Suggested wedge: Phase 5: not yet computed (verdict-driven wedge suggestion)
- ☐ build [] watch [] kill notes: ____
- fingerprint: 8a5d13ce99b2cdb8

3. Tradesperson wants a simple job tracker (no invoicing) with notes + PDF uploads + image gallery + optional sketching; ServiceM8/Tradify too — score 0.45 (complexity: med, revenue: high)

- Pain: Tradesperson wants simple job tracker (no invoicing) with notes/images/PDF uploads/sketching; ServiceM8/Tradify too clunky (duplicate of post 1571).
- Evidence: 104 posts across 22 subs, 56 in last 30d · facets: 61/104 at v0.1. Top quote: “I need a system that we can track leads, estimates approvals. Full service system with app for construction.”
[https://www.reddit.com/r/Construction/comments/1tj7mfw/software_needed/]
- Willingness-to-pay signals: would_pay: 44/61 · hesitant: 12/61 · max \$39 (from facets)
- Build complexity rationale: integrations score 0.65 · market_size score 0.54 · keywords score 0.01 (effective_n=45.6)
- Saturation (integrations referenced across faceted posts): Airbnb, Airtable, Amazon, AmEx, AND.CO, Apartments.com, AppFolio, AppSheet +75 more
- Suggested wedge: Phase 5: not yet computed (verdict-driven wedge suggestion)
- ☐ build [] watch [] kill notes: ____
- fingerprint: 267bf8600902d8ea

4. Per-deliverable agency stuck waiting on clients to shoot content / approve designs; 4-5 week jobs becoming 2 months, cash flow looks terrible — score 0.29 (complexity: med, revenue: high) (scoring: dumb fallback)

- Pain: TX 6-unit first-time landlord losing track of tenant requests (plumber no-show fee from forgotten coordination) — AppFolio too expensive/complex.
- Evidence: 74 posts across 25 subs, 29 in last 30d · facets: 14/74 at v0.1. Top quote: “I’ve got 6 units and honestly I have no idea what I’m doing when it comes to organizing tenant stuff. Last week, tenant texts me at 10pm that the dishwasher is leaking. I’m watching TV so I just reply”
[https://www.reddit.com/r/Landlord/comments/1taigb9/landlord_ustx_how_do_you_not_forget_tenant_stuff/]
- Willingness-to-pay signals: would_pay: 7/14 · hesitant: 1/14 · max \$2300 (from facets)
- Build complexity rationale: dumb scorer — constant 0.5 (eligible_count=14 < threshold 19 for cluster_post_count=74)
- Saturation (integrations referenced across faceted posts): AppFolio, Craigslist, Indeed, LinkedIn, Reddit, Stripe
- Suggested wedge: Phase 5: not yet computed (verdict-driven wedge suggestion)
- ☐ build [] watch [] kill notes: ____
- fingerprint: 72938dad4e4479b3

5. 12-supplier ecom operator drowning in price/stock/shipping/reorder back-and-forth; templates, VA, and weekly cadence all failed. — score 0.28 (complexity: med, revenue: high) (scoring: dumb fallback)

- Pain: Floor-layout subcontractor at \$250-300k LLC revenue wants cheaper GL provider; Frost is raising rates and COI/waiver/additional-insured workflow is painful.
- Evidence: 70 posts across 20 subs, 26 in last 30d · facets: 8/70 at v0.1. Top quote: “Hello, Does anyone know or have a pdf for Airwell MAY 70 windowshaker (R22 or R407c)? I need to know the approximate charge. Thanks.” [https://www.reddit.com/r/HVAC/comments/1t6fi7k/airwell_may_7090/]
- Willingness-to-pay signals: would_pay: 5/8 · max \$10000 (from facets)
- Build complexity rationale: dumb scorer — constant 0.5 (eligible_count=8 < threshold 18 for cluster_post_count=70)
- Saturation (integrations referenced across faceted posts): ABC, Frost Bank, Google Sheets, Lansing, LinkedIn, Microsoft Copilot, QuickBooks Online, Square
- Suggested wedge: Phase 5: not yet computed (verdict-driven wedge suggestion)
- ☐ build [] watch [] kill notes: ____
- fingerprint: 2bf4afdccf4f1dec

6. Investor with Chase Ink business card trying to pay contractor via Melio/Plastiq getting rejected; needs business-card-to-wire/Zelle workaro — score 0.27 (complexity: med, revenue: med) (scoring: dumb fallback)

- Pain: Investor with Chase Ink business card trying to pay contractor via Melio/Plastiq getting rejected; needs business-card-to-wire/Zelle workaround.
- Evidence: 43 posts across 11 subs, 33 in last 30d · facets: 2/43 at v0.1. Top quote: “when i first started i got a tool belt and this commercial electric tool set. i have upgraded some tools like instead of using this 11 in 1 screw driver i swapped it for kleins and i also swapped my w” [https://www.reddit.com/r/electricians/comments/1t9ukrm/can_someone_recommend_hand_tool_recommendations/]
- Willingness-to-pay signals: would_pay: 2/2 (from facets)
